

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of: Regulation (EC) No. 1907/2006 and Regulation (EC) No. 1272/2008

**BOSTIK BORN2BOND ULTRA MV**  
Supersedes Date: 06-Sep-2019

Revision date 05-Nov-2021  
Revision Number 1.01

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Product Name** BOSTIK BORN2BOND ULTRA MV  
**Pure substance/mixture** Mixture

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Recommended use** This product is a cyanoacrylate-based adhesive.  
**Uses advised against** None known

### 1.3. Details of the supplier of the safety data sheet

#### **Company Name**

Bostik Limited  
Common Rd  
ST16 3EH  
Stafford UK  
Tel: +44 (1785) 27 26 25  
Fax: +44 (1785) 25 72 36

**E-mail address** SDS.box-EU@bostik.com

### 1.4. Emergency telephone number

**United Kingdom** +44 (1785) 272650  
**Ireland** +353 (1) 8624900 (Monday- Friday 9am-5pm)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

*Regulation (EC) No 1272/2008*

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

### 2.2. Label elements

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

#### **Signal word**

None

#### **Hazard statements**

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

#### **EU Specific Hazard Statements**

EUH202 - Cyanoacrylate. Danger. Bonds skin and eyes in seconds. Keep out of the reach of children

### 2.3. Other hazards

Polymerises with evolution of heat. Will bond to skin. Bonds skin and eyes in seconds.

#### **PBT & vPvB**

This mixture contains no substance considered to be persistent, bioaccumulating or toxic (PBT). This mixture contains no substance considered to be very persistent nor very bioaccumulating (vPvB).

## SECTION 3: Composition/information on ingredients

# SAFETY DATA SHEET

BOSTIK BORN2BOND ULTRA MV  
Supersedes Date: 06-Sep-2019

Revision date 05-Nov-2021  
Revision Number 1.01

## 3.1 Substances

Not applicable

## 3.2 Mixtures

Full text of H- and EUH-phrases: see section 16

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (Regulation (EC) No. 1907/2006 (REACH), Article 59)

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice | Show this safety data sheet to the doctor in attendance. If irritation persists or eye and/or skin remains bonded: Get medical advice/attention.                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Inhalation     | Remove to fresh air. IF exposed or concerned: Get medical advice/attention.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Eye contact    | If eyelids are bonded closed or if skin to skin or skin to clothing bonding has occurred, release bonding by covering affected area with a pad wetted with warm water. Do not force eyes or any bonded skin apart. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists or eye and/or skin remains bonded: Get medical advice/attention.                                                                                                                                                                        |
| Skin contact   | Polymerises with evolution of heat. Bonded areas may be gently peeled apart using a blunt object such as a spoon. If eyelids are bonded closed or if skin to skin or skin to clothing bonding has occurred, release bonding by covering affected area with a pad wetted with warm water. Do not force eyes or any bonded skin apart. If irritation persists or eye and/or skin remains bonded: Get medical advice/attention. Allow acetone or warm water to penetrate the bond and gently attempt to move bonded areas without pulling the skin away from bonded area. Do not remove clothing if adhering to skin. |
| Ingestion      | Ensure breathing passages are not obstructed. The product will polymerise immediately in the mouth making it almost impossible to swallow. Saliva will slowly separate the solidified product from the mouth (several hours).                                                                                                                                                                                                                                                                                                                                                                                      |

### 4.2. Most important symptoms and effects, both acute and delayed

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

### 4.3. Indication of any immediate medical attention and special treatment needed

|                 |                        |
|-----------------|------------------------|
| Note to doctors | Treat symptomatically. |
|-----------------|------------------------|

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                              |                                                                                                         |
|------------------------------|---------------------------------------------------------------------------------------------------------|
| Suitable Extinguishing Media | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
|------------------------------|---------------------------------------------------------------------------------------------------------|

|                                |                           |
|--------------------------------|---------------------------|
| Unsuitable extinguishing media | No information available. |
|--------------------------------|---------------------------|

### 5.2. Special hazards arising from the substance or mixture

# SAFETY DATA SHEET

BOSTIK BORN2BOND ULTRA MV  
Supersedes Date: 06-Sep-2019

Revision date 05-Nov-2021  
Revision Number 1.01

**Specific hazards arising from the chemical** Bonds skin and eyes in seconds.

**Hazardous combustion products** Carbon oxides. Nitrogen oxides (NOx).

## **5.3. Advice for firefighters**

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## **SECTION 6: Accidental release measures**

### **6.1. Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required. See section 8 for more information.

**For emergency responders** Use personal protection recommended in Section 8.

### **6.2. Environmental precautions**

**Environmental precautions** See Section 12 for additional Ecological Information.

### **6.3. Methods and material for containment and cleaning up**

**Methods for containment** Do not use cloths for mopping up. Flood with water to complete polymerization and scrape off floor.

**Methods for cleaning up** Take up mechanically, placing in appropriate containers for disposal.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

### **6.4. Reference to other sections**

**Reference to other sections** See section 8 for more information. See section 13 for more information.

## **SECTION 7: Handling and storage**

### **7.1. Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Use personal protection equipment. Do not eat, drink or smoke when using this product. See section 8 for more information.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

### **7.2. Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep from freezing.

**Recommended storage temperature** For optimum shelf life store in original containers under refrigerated conditions at 2 - 8°C. Do not freeze.

### **7.3. Specific end use(s)**

**Specific use(s)**  
This product is a cyanoacrylate-based adhesive.

**Risk Management Methods (RMM)** The information required is contained in this Safety Data Sheet.

**Other information** Observe technical data sheet.

# SAFETY DATA SHEET

BOSTIK BORN2BOND ULTRA MV  
Supersedes Date: 06-Sep-2019

Revision date 05-Nov-2021  
Revision Number 1.01

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

**Exposure Limits** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

**Derived No Effect Level (DNEL)** No information available

**Predicted No Effect Concentration (PNEC)** No information available.

### 8.2. Exposure controls

**Engineering controls** Ensure adequate ventilation, especially in confined areas.

#### Personal protective equipment

**Eye/face protection**  
**Hand protection**

Wear safety glasses with side shields (or goggles).  
Recommended Use: Nitrile rubber. Glove thickness > 0.4 mm. Latex gloves. Polyethylene. Polypropylene. Glove thickness  $\geq$  0.15 mm. Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves. Gloves must conform to standard EN 374

**Skin and body protection**  
**Respiratory protection**

Wear suitable protective clothing.  
None under normal use conditions.

**Environmental exposure controls** Do not allow uncontrolled discharge of product into the environment.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

**Physical state** Liquid  
**Appearance** Viscous  
**Colour** No information available  
**Odour** Odourless  
**Odour threshold** Not applicable

| Property                                       | Values                     | Remarks • Method         |
|------------------------------------------------|----------------------------|--------------------------|
| <b>pH</b>                                      | No data available          |                          |
| <b>pH (as aqueous solution)</b>                | No data available          |                          |
| <b>Melting point / freezing point</b>          | No data available          |                          |
| <b>Initial boiling point and boiling range</b> | > 176 °C                   |                          |
| <b>Flash point</b>                             | = 110 °C                   |                          |
| <b>Evaporation rate</b>                        | No data available          |                          |
| <b>Flammability</b>                            | Not applicable for liquids |                          |
| <b>Flammability Limit in Air</b>               |                            |                          |
| <b>Upper flammability or explosive limits</b>  | No data available          |                          |
| <b>Lower flammability or explosive limits</b>  | No data available          |                          |
| <b>Vapour pressure</b>                         | No data available          |                          |
| <b>Relative vapour density</b>                 | No data available          |                          |
| <b>Relative density</b>                        | No data available          |                          |
| <b>Water solubility</b>                        | No data available          | Polymerisation can occur |

|                           |                   |                              |
|---------------------------|-------------------|------------------------------|
| Solubility(ies)           | No data available |                              |
| Partition coefficient     | No data available |                              |
| Autoignition temperature  | 119 °C            |                              |
| Decomposition temperature | No data available |                              |
| Kinematic viscosity       | No data available |                              |
| Dynamic viscosity         | = 120 - 170 mPa s | Spindle 21 @ 100 rpm @ 25 °C |
| Explosive properties      | No data available |                              |
| Oxidising properties      | No data available |                              |

## 9.2. Other information

|                   |                          |
|-------------------|--------------------------|
| Solid content (%) | No information available |
| VOC Content (%)   |                          |
| Density           | 1.1                      |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|            |                           |
|------------|---------------------------|
| Reactivity | No information available. |
|------------|---------------------------|

### 10.2. Chemical stability

|           |                                 |
|-----------|---------------------------------|
| Stability | Stable under normal conditions. |
|-----------|---------------------------------|

### Explosion data

|                                  |       |
|----------------------------------|-------|
| Sensitivity to mechanical impact | None. |
| Sensitivity to static discharge  | None. |

### 10.3. Possibility of hazardous reactions

|                                    |                               |
|------------------------------------|-------------------------------|
| Possibility of hazardous reactions | None under normal processing. |
|------------------------------------|-------------------------------|

|                          |                                     |
|--------------------------|-------------------------------------|
| Hazardous polymerisation | Hazardous polymerisation may occur. |
|--------------------------|-------------------------------------|

### 10.4. Conditions to avoid

|                     |                        |
|---------------------|------------------------|
| Conditions to avoid | Protect from moisture. |
|---------------------|------------------------|

### 10.5. Incompatible materials

|                        |                                  |
|------------------------|----------------------------------|
| Incompatible materials | Alcohols. Alkali. Amines. Water. |
|------------------------|----------------------------------|

### 10.6. Hazardous decomposition products

|                                  |                                                                                |
|----------------------------------|--------------------------------------------------------------------------------|
| Hazardous decomposition products | None under normal use conditions. Stable under recommended storage conditions. |
|----------------------------------|--------------------------------------------------------------------------------|

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

#### Information on likely routes of exposure

#### Product Information

|            |                                                                   |
|------------|-------------------------------------------------------------------|
| Inhalation | Based on available data, the classification criteria are not met. |
|------------|-------------------------------------------------------------------|

# SAFETY DATA SHEET

Revision Number 1.01

---

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| Eye contact  | Specific test data for the substance or mixture is not available. Bonds skin and eyes in seconds. |
| Skin contact | Specific test data for the substance or mixture is not available. Bonds skin and eyes in seconds. |
| Ingestion    | Based on available data, the classification criteria are not met.                                 |

## Symptoms related to the physical, chemical and toxicological characteristics

Symptoms No information available.

## Numerical measures of toxicity

### Acute toxicity

The following values are calculated based on chapter 3.1 of the GHS document

### Component Information

## Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                                   |                                                                   |
|-----------------------------------|-------------------------------------------------------------------|
| Skin corrosion/irritation         | Based on available data, the classification criteria are not met. |
| Serious eye damage/eye irritation | Based on available data, the classification criteria are not met. |
| Respiratory or skin sensitisation | Based on available data, the classification criteria are not met. |
| Germ cell mutagenicity            | Based on available data, the classification criteria are not met. |
| Carcinogenicity                   | Based on available data, the classification criteria are not met. |
| Reproductive toxicity             | Based on available data, the classification criteria are not met. |
| STOT - single exposure            | Based on available data, the classification criteria are not met. |
| STOT - repeated exposure          | Based on available data, the classification criteria are not met. |
| Aspiration hazard                 | Based on available data, the classification criteria are not met. |

## 11.2. Information on other hazards

### 11.2.1. Endocrine disrupting properties

Endocrine disrupting properties No information available.

### 11.2.2. Other information

# SAFETY DATA SHEET

BOSTIK BORN2BOND ULTRA MV  
Supersedes Date: 06-Sep-2019

Revision date 05-Nov-2021  
Revision Number 1.01

Other adverse effects No information available.

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecotoxicity

### 12.2. Persistence and degradability

Persistence and degradability No information available.

### 12.3. Bioaccumulative potential

Bioaccumulation There is no data for this product.

### 12.4. Mobility in soil

Mobility in soil No information available.

### 12.5. Results of PBT and vPvB assessment

PBT and vPvB assessment

### 12.6. Other adverse effects

Other adverse effects No information available.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste from residues/unused products Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

Contaminated packaging Do not reuse empty containers.

European Waste Catalogue 08 04 09\* waste adhesives and sealants containing organic solvents or other dangerous substances

Other information Waste codes should be assigned by the user based on the application for which the product was used.

## SECTION 14: Transport information

**Note:** The shipping descriptions shown here are for bulk shipments only, and may not apply to shipments made in non-bulk packages (see regulatory definition). The information shown here, may not always agree with the bill of lading shipping description for the material. Keep from freezing.

### Land transport (ADR/RID)

14.1 UN number or ID number Not regulated

## Section 15: REGULATORY INFORMATION

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### European Union

#### Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) Regulation (EC 1907/2006)

##### SVHC: Substances of Very High Concern for Authorisation:

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (Regulation (EC) No. 1907/2006 (REACH), Article 59)

##### EU-REACH (1907/2006) - Annex XVII - Substances subject to Restriction

This product does not contain substances subject to restriction (Regulation (EC) No. 1907/2006 (REACH), Annex XVII).

##### Substance subject to authorisation per REACH Annex XIV

This product does not contain substances subject to authorisation (Regulation (EC) No. 1907/2006 (REACH), Annex XIV)

#### Ozone-depleting substances (ODS) regulation (EC) 1005/2009

Not applicable

#### Persistent Organic Pollutants

Not applicable

# SAFETY DATA SHEET

**BOSTIK BORN2BOND ULTRA MV**  
**Supersedes Date:** 06-Sep-2019

**Revision date** 05-Nov-2021  
**Revision Number** 1.01

## National regulations

### 15.2. Chemical safety assessment

Chemical Safety Assessments have been carried out by the Reach registrants for substances registered at >10 tpa. No Chemical Safety Assessment has been carried out for this mixture

## **SECTION 16: Other information**

### Key or legend to abbreviations and acronyms used in the safety data sheet

#### **Legend**

|         |                                                           |
|---------|-----------------------------------------------------------|
| TWA     | TWA (time-weighted average)                               |
| STEL    | STEL (Short Term Exposure Limit)                          |
| Ceiling | Ceiling Limit Value                                       |
| *       | Skin designation                                          |
